### Day 2: Visit the lowest point on Earth - The Dead Sea.

After breakfast at the hotel, we proceed on an exciting tour to the lowest point in the earth - Dead Sea. Without a doubt the world's most amazing place, the Jordan Rift Valley is a dramatic, beautiful landscape, which at the Dead Sea, is over 400m (1,312 ft.) below sea level. The lowest point on the face of the earth, this vast stretch of water receives a number of incoming rivers, including the River Jordan. Once the waters reach the Dead Sea they are land-locked and have nowhere to go, so they evaporate, leaving behind a dense, rich, cocktail of salts and minerals that supply industry, agriculture and medicine with some of its finest products. The leading attraction at the Dead Sea is the warm, soothing, super salty water itself - some ten times saltier than sea water, and rich in chloride salts of magnesium, sodium, potassium, bromine and several others. The unusually warm, incredibly buoyant and mineral-rich waters have attracted visitors since ancient times, including King Herod the Great and the beautiful Egyptian Queen, Cleopatra. All of whom have luxuriated in the Dead Sea's rich, black, stimulating mud and floated effortlessly on their backs while soaking up the water's healthy minerals along with the gently diffused rays of the Jordanian sun. Local lunch will be provided today. Transfer back to your hotel in Amman hotel. Buffet dinner at Hotel with some Indian items.
